

FMBC 2009 **TOURNAMENT RULES AND FORMAT**

The [Florida Marching Band Coalition \(FMBC\)](#) consists of Regional Show Sponsors who host independently run marching band contests or festivals at their schools utilizing the FMBC Adjudication Sheets and scoring format. The contest management, size classes, awards and trophies presented are entirely up to the Regional Show Sponsor. It is the intent of FMBC to develop, maintain, and provide a uniform criteria and scoring system and to work towards consistent application of this scoring system to sanctioned Marching Band contests and festivals in Florida. Adjudication training, selection and evaluating are priorities to our members.

The [Florida Marching Band Tournament](#) is the process of high school marching bands attending the FMBC sanctioned Regional Competitions or Festivals throughout the marching season. Those schools achieving a superior or a distinguished level of achievement when evaluated using the FMBC scoring format and FMBC criteria reference, are invited to attend the FMBC Marching Band Championships. There they can perform their program and compare their musical and visual skills against the state of Florida's best in their size class in the pageantry arts. The top five (5) bands from each of the size classes advance to the FMBC Championship Finals event that same evening.

The [Florida Marching Band Championships](#) is the one-day Class Championship (semifinal) and finals event held annually to showcase the tournaments top participants. A select panel of over 30 nationally known and highly respected adjudicators, representing the finest panel assembled anywhere in the United States, evaluate and provide educational guidance to all participating high school marching bands and their directors and staff.

All Florida College and University bands, as well as service military bands are invited to participate in this event for public relations exposure to these fine young musicians by setting up a recruiting booth. College marching bands wishing to perform in exhibition at the Florida Marching Band Championships are welcome. Contact FMBC for further information.

- 1.5.5 FMBC has negotiated a contract with the Central States Judges Association (CSJA) for the benefit of Regional Show Hosts. On request, CSJA will locate, contact, assign, and hire qualified adjudicators for any FMBC Regional Show. An administrative fee, payable directly to CSJA, is required for the use of their services.
- 1.5.6 The use of CSJA in hiring adjudicators for FMBC Regional Shows is optional, and is solely at the discretion of the Regional Show Host.
- 1.6 Regional Show Hosts are responsible for communicating with all adjudicators as to arrangements for housing, shuttle services (if required), designated report times, honorariums and directions to the show.
- 1.7 Regional Show Hosts are required to submit a preliminary list of adjudicators to FMBC for review by the FMBC Adjudication Review Committee no later than June 1st or risk losing their FMBC Sanction.

 - 1.13.1 FMBC Regionals may lose their Tenure if a new Band Director is hired at the sponsoring school. A representative of the FMBC Board of Directors will contact the new director to discuss FMBC and the responsibilities involved in hosting an FMBC Regional Show, and after this discussion, a determination will be made.
 - 1.13.2 FMBC Regionals must keep their assigned date through the seven-week competition cycle based on State Championships, which is usually on the weekend before Thanksgiving. If a Show Host chooses to change the show's weekend without the advance permission of FMBC, that show may lose their certification and/or Tenure.
 - 1.13.3 ***FMBC Regionals MAY LOSE THEIR TENURE if the school cancels their show FOR ANY REASON*** other than weather or safety issues. If an event is cancelled and certification revoked, there is a one-year waiting period before a school can once again apply to host a Regional show. If desired, after the one year waiting period, the Band Director can request that the school be added to the list of Prospective New Regionals. If approved, they must go through the probationary period once again.
 - 1.13.4 The above plus years in continuous service constitute the seniority of the regionals in deciding dates.

 - 2.7.3 The total points from the Visual Performance Judges
 - 2.7.4 Regional show hosts may choose to present duplicate awards rather than break ties.
- 2.8 The FMBC understands the dynamics of each contest and its particular judging panel and believes in the panel decision process and encourages all participants; including judges, directors, staff, parents, supporters to accept the outcomes without displays of poor sportsmanship.
- 2.9 The FMBC encourages all participating directors at regional and state levels to please fill out and send in the provided adjudication critique sheets to our Information Technology Coordinator. These critique sheets will be held in confidence, unless specific authorization to share the information is received from the individual providing the critique sheets. This information enables all of us to learn through both positive and negative feedback. This works to the judges as well as the bands.
- 2.10 All scoring disputes must be submitted to the FMBC Information Technology Coordinator within 24 hours after the conclusion of the contest. Logic and good sense will be used to best serve all participants. After this time all scores will be considered final.

9.0 FMBC PHILOSOPHY & STANDARDS OF ACHIEVEMENT

9.1 FMBC utilizes a 4-Box System for evaluating achievement.

9.1.1 This four box criteria reference assumes the extremely low level of Box 1 in the more common five box system as not needed and therefore combines in with Box 2 to form the FMBC Box 1, or 'Apprentice' level.

9.2 THE FMBC PHILOSOPHY;

PURPOSE

To **provide** the means for a consistent and educationally based evaluation system that rewards growth through standards of achievement. To provide the uniform application of number criteria throughout the state by way of a standardized set of evaluation sheets. To provide training to adjudicators utilizing these sheets and system.

PARTICIPANTS

To **bring** together directors, educators, performers, adjudicators, staff members and supporters toward a common understanding and respect for efforts and qualities in all phases of the pageantry arts.

STANDARDS

To **listen, view, and appreciate** all styles of musical and movement presentations in a consistent and fair manner and then reward them according to their excellence in technical and expressive achievement with consideration for musical repertoire and visual composition.

GOALS

To **promote** the entertaining and educational activity of high school marching band with all its participants and pageantry.

To **inspire** all those within the activity to recognize, appreciate and grow from our experience in this exciting musical art form.

To **encourage** participation by all Florida High School Bands in the Florida Bandmasters Association MPA'S.

10.0 FMBC BAD WEATHER PROTOCOL

- 10.1 In Bad Weather the Show Host has three options;
 - 10.1.1 Cancel the show, or
 - 10.1.2 Run a 'Track' standstill show in the stadium (if the weather is OK but the field is not usable), or
 - 10.1.3 Hold an indoor show in a school facility, usually the school gymnasium.
- 10.2 These options provide an opportunity for you to salvage your financial investment, and also an opportunity for bands that only can attend one or two shows to qualify for state finals.
- 10.3 Indoor Show FAQ sheets for staff and directors are available on the FMBC Website and should be downloaded in advance of the event if weather is threatening.
- 10.4 Guidelines for Indoor Performance
 - 10.4.1 Directors should set up their band at their discretion. Concert arcs and block set-ups are the most common.
 - 10.4.2 Grounded percussion is usually set in front of the band, but depending on band size, may be located in the middle of the band or at any location the director deems appropriate.
 - 10.4.3 The auxiliary may be judged at the discretion of the Contest Director and/or Chief Judge. It is most common to put the auxiliary in an arc behind the band or in a block adjacent to the band.
 - 10.4.4 The Drum Major(s) can be on a podium in front of the band, or even locate in the stands if the facility is adequate for this option.
 - 10.4.5 Props are limited to those that can fit through the gym doors.
 - 10.4.6 Performing units must take appropriate precautions, and are responsible for damage to the gym floor. Winterguard-style floor mats are often used to protect the facility.
 - 10.4.7 A brief warm-up in place is permitted.
 - 10.4.8 Movement is at the discretion of the director. However directors should note that movement may detract from the overall score of the band if the movement is not well choreographed in advance, and if the sound of the band suffers due to the movement.
 - 10.4.9 Marking time can add to the band score and is encouraged.
 - 10.4.10 Horn and percussion visuals can add to the score of the band, and are encouraged.
 - 10.4.11 Music volumes and blend should be adjusted for the performance venue. This usually means toning down the field percussion. Indoor performance scoring is heavily weighted towards music performance, and the judges can only judge what they hear.

10.5 Adjudication

10.5.1 There will be 3 Music Judges

- 10.5.1.1 Music Performance (20 Points - Stands)
- 10.5.1.2 Music General Effect (20 Points- Stands)
- 10.5.1.3 Individual Music (10 Points - Floor)

10.5.2 There will be 1 Visual Judge

- 10.5.2.1 Individual Visual (10 Points – Stands or floor)
- 10.5.2.2 Caption definitions on the Adjudication Sheets may be slightly modified as necessary to accommodate the facilities available, as appropriate for a standstill performance at the discretion of the Chief Judge and/or the Show Host.

10.5.3 Support Captions

- 10.5.3.1 If there is room to safely stage the auxiliary, the auxiliary may be judged.
- 10.5.3.2 Other support captions may be judged at the discretion of the Show Host and the Chief Judge.

10.6 Total Scores and Qualification for Finals

10.6.1 The Maximum Achievable Score is 60.0

10.6.2 Bands achieving the 80th Percentile (a score of 48) or above at a standstill performance qualifies for FMBC Finals as an Exception Score. This applies to all size classes.

10.6.3 There is no special early-season reduced qualification score for standstill performance.

10.6.4 Bands may not use their score at a standstill performance to improve their seeding at FMBC Finals.

10.7 Timing and Penalties

10.7.1 Standard FMBC timing penalties are waived.

10.7.2 FMBC recommends that penalties be assessed only for flagrant disregard of timing that affects the flow of the overall show, for incorrect wind player count, for rudeness to other performing units, and for carelessness that results or that could result in damage to the facility.

10.7.3 Considerations related to intellectual property rights and safety and security of performers in accordance with Section 1.14 are to remain in effect at all Regionals.
